Foreword.....

IT is our sincerest wish that this 1941 Paean contains the salient points of your years in high school. This is your book, a record of your activities and achievements and an acknowledgement of the greatest event in your lives at this time—your High School Graduation.

As the years go by, you may point with justifiable pride to your part in our own 1941 drama, and we trust that this book will bring back fond recollections and memories of many of the happiest days of your lives which were spent at Central High School.

THE EDITORS.

Dedication.....

TO Miss Sylvia Schermerhorn, a grand person and a wonderful teacher whose untiring efforts, indomitable energy and great interest in each and all of her students have made her a host of admiring and grateful friends, we respectfully dedicate this 1941 Paean.

To Mr. Welsh we want to show our appreciation for the kind and helpful guidance which he has given to all the students of Battle Creek High School. We, of the graduating class, will long remember the advice and counsel which he has given us.

MR. G. G. PRICE

Through the ceaseless efforts of Mr. Price, the vocational program of Battle Creek High School has risen to a prominent position not only in Michigan, but also in the country. Vocational students are grateful for his continual help and instruction.

MR. LEO SHAW

Mr. Shaw has been with us only one year, yet already we students are wondering what we did without him. His keen interest and participation in school life has made him many friends.

MAPS, reports, notebooks, themes, outlines, and special projects all play a large part in the life of a high school student, for although the clubs, and extra-curricular activities have their places too, education is the important thing. And so these next few pages illustrate the different phases of a student's day and describe the subjects he takes in the different departments of Battle Creek High School.

The Social Studies play an important part in the course of study of most high school students, and many of them major in history. Several periods on history are offered. World History is the story of civilization in a condensed form. Ancient and Medievel History deals with the development of civilization from the very earliest times to about the sixteenth century. Then a course in Modern History follows up the first courses in history and deals with the high lights of world events from the seventeenth century up to the present day. United States History covers the story of our country from its discovery to the present time. Also in connection with the various history courses, one day each week is spent discussing current events.

Civics gives us a better understanding of our Government and helps our young people to become better citizens of the community, state, and nation. In the Civics course one studies three branches of the state and national governments, namely — the executive, judical, and legislative. A great many opportunities arise for extra reports, and notebooks to supplement the work.

"Parlez-vous Francais?" — "Veni, vidi, vici,"—and "Como se llama usted" are typical of the expressions fluently used by the students of the foreign language classes. Our English vocabulary is derived to a great extent from Latin, and it is one of the most widely studied languages. It gives one a better command of English grammar, and by contact with ancient civilization one gains a better appreciation of classic and modern literature.

French and Spanish offer much the same benefits of Latin and are living languages. The student learns to read, speak, and write the languages with ease. Also he learns something about the life and customs of these far-away people and gains a better understanding of their problems. Each semester the Spanish and French classes sponsor a movie with all the sound completely in French or Spanish. This enables the student to better his conversation in a foreign tongue by actually hearing the foreigners converse.

Mathematics is another department which draws much interest from the student body. The mathematic courses have an excellent practical and intellectual value, for in almost any type of life work chosen, some form of mathematics is involved. Even a housewife must be able to balance her budget. Commercial work, engineering, and business administration, all require a knowledge of some type of mathematics.

A study of Geometry makes up one part of the mathematics course and involves both Plane and Solid Geometry. Plane Geometry offers theorems and propositions dealing with plane geometrical figures. Solid Geometry covers the relationship between lines and planes, and, par-

ticulary, solid figures such as prisms, pyramids, cylinders, cones, and spheres. Algebra covers one or two semesters of work.

Trigonometry is the highest form of high school mathematics and includes the use of Geometry and Algebra. Whenever students gather into little groups in study hall with frowns and a look of deep concentration on their faces, you can safely bet that trigonometry is the subject under discussion. And ah, the look of joy that comes when a problem is successfully completed. Although Trigonometry is by no means the highest form of mathematics that

can be studied, when you have completed the mathematics courses offered here under the excellent instruction of the faculty, a firm foundation in mathematics is yours.

Upon investigating our Science Department, we find that several science courses are offered. Biology is one of the most interesting subjects, dealing with the life and characteristics of living plants and animals. Microscopes are used extensively, bringing unknown plant and animal life into view. There are also a great many opportunities for special projects in the year's course in Biology, and the student gains a new interest in the great outdoors.

Chemistry is another popular science course, for who doesn't enjoy experimenting with unknown materials, visiting chemical industries in nearby cities, and hearing interesting talks by the local chemists? All of these things are part of the unusual work accomplished.

The third science course offered is physics. This takes up the study of mechanics, heat, light, sound, magnetism, and electricity. Although very technical in nature, this course has proved to be most beneficial to anyone who has taken it.

The English Department is one of the largest departments in Battle Creek High School because three years of English are required for graduation and a fourth year is recommended for those who wish to go to college. Sophomore and Junior English are concerned with the study of short stories, English literature, grammar, etc. Senior English is primarily composition work with a final study of American literature, grammar, spelling, and other fundamentals to summarize and complete the first three years

of work. A thorough understanding of all the aspects of English is invaluable and absolutely necessary for any type of life work, and in the English course students are trained both culturally in the study of plays, poetry, and other literature, and practically in the use of correct speech and vocabulary improvement.

Students, who are enrolled in the Commercial and Clerical Courses, elect Business English in their Junior year to prepare them for their chosen work. Another course offered in the English Department is Journalism. This is an excellent course for would-be

Journalists, and practical training is gained by those who enroll in the course, as they also work on the school paper.

Original and unusual assembly programs are given by the Speech classes in addition to their regular work in speech, make-up, debating and voice work. This year an educational revue, "On Our Way," was presented by the dramatics class in connection with other organizations in the community. It was really a community project and received the support and cooperation of many people.

We are extremely fortunate in having one of the finest music departments in the State at Battle Creek High School. Our band recently won First Division Honors in the State Contest, and has been an inspiration to the student body all year throughout the fall, winter, and spring sports. The annual Band Follies is always looked forward to with much anticipation and grows better every year. In addition to our fine band, we have an equally fine orchestra and chorus. Our whole music department was a decided asset in the production of "On Our Way."

The Art Department carries out many interesting projects in making clay models, weird animal figures, plaques, still-life water colors, and oil paintings. It is also helpful in making many posters, exhibits and programs for school activities. In connection with the Art Department there is a course in Interior Decoration, which gives much practical work in room planning, color schemes, and furniture selection.

Last year a course in Personal and Social Problems was organized as a result of student demand for more information concerning etiquette, boy and girl and home and family relationships. This

course is proving to be a popular one.

The Foods and Sewing classes are receiving excellent training in Home Economics. In cooking the girls learn how to plan well-balanced meals, and serve dinners and luncheons, in addition to actually cooking savory dishes. Also in the clothing classes the girls learn how to plan a harmonious wardrobe, and what styles are most becoming, along with the actual experience in sewing.

Courses in Home Living and Consumers' Education, new courses which have been added in recent years, have furnished very

A Sewing Class . . . Cooking . . . A Foreign Language Class

valuable training in home working.

Office workers are usually in great demand, and each year many students are graduating from the Commercial Course and finding positions in business offices. This course includes typing, shorthand, office practice, bookkeeping, business arithmetic, commercial law, and other business subjects that when once mastered will always be useful.

The Industrial Preparatory Course offers many different fields of training relative to the several trades. For preparation for the building trades, a student may take Architectural Drawing, Carpentry, Woodworking, General Shop, and Electricity. The Machine trades offer Machine Drawing, and Auto Mechanics. Printing and Mechanical Drawing are also very popular subjects with a real practical value. Our Printing Department prints most of the programs and tickets for school activities.

A course which is comparatively new but is drawing increasing interest is the Salesmanship course. In this course the students attend school for half the day, taking courses in selling theory, business training, bookkeeping and other related subjects, and then for the other half day they are employed in local stores, gaining invaluable training in actual experience.

Then, of course, Physical Education is a part of the curriculum of practically all students. Gym is taken two days a week, giving us physical exercise, a welcome change from the mental activities.

And so there you have the courses offered in Battle Creek High School briefly described. They all have their place in training young men and women for life and cannot be stressed too highly.

Senior Diary

Max Avery, President; Ann Harmon, Treasurer; Mary Ellis, Vice-President; Arden Shafer, Secretary.

"Words of Wisdom"

AS the nineteen forty-one school year draws to a close, we, as seniors, sense the conclusion of a happy, carefree period, and we anticipate a new and adventurous future. There is the feeling of satisfaction because of a successfully completed course of study, and mingled in with this satisfaction is a certain anxiety concerning the next step.

Some of us will establish homes and assume the responsibilities of family life. Others will study in fields of our chosen work and professions. The feeling of anxiety concerning the future is stronger in us than in former graduates, because the strife and turmoil which await us at the conclusion of this present world war will present difficult problems for us to solve.

Our teachers have given us adequate preparation and inspiration. Our parents have sacrificed to feed, clothe, and educate us. They have given us love, understanding, and protection. The churches have given us lessons in morals and religion which will serve as guide posts in our living. All of these people have done their part, and now we must do ours. We cannot fail them! We must be good citizens. The evil forces in the world are trying to destroy the home, church, and the free and democratic schools. It is our task to be the champions who defend the freedom of America, and fight to maintain it.

We have enjoyed our high school days together, and know that our appreciation of what they have meant to us will increase as the years go on.

"Society for Scholarship"

AS Phi Beta Kappa denotes outstanding scholarship in college, the National Honor Society names the seniors who have the highest scholarship rating in high school. I was looking over the list of forty-nine seniors who made the grade and much to my great surprise I realized that, as there were only seven boys on the list, the girls had overshadowed them with their brilliance (?).

Because a 2.2 scholarship rating is required all through high school, I really tried to keep up my work.

It certainly is an honor for a senior to be included in the National Honor Society and many of them prove it by sporting pins with the National Honor Society emblem.

So I won't forget it, Diary, I guess I'll just jot down a little bit of its history. On the sixteenth of June, 1925, the National Honor Society granted a charter to Battle Creek High School and they chose five members of the faculty to compose the council. Ever since then it has been the aim of every senior to be selected for the National Honor Society.

"The Romantic Young Lady"

ALL the seniors and senioritas turned out for their annual play, "The Romantic Young Lady," tonight, April 2, 1941. I hope, Diary, that you appreciate the pun in the preceding line, because the play really did center about the romance of a young Spanish girl.

The plot concerns the girl's adventures with a popular novelist, whose hat blew in her window one stormy night. Not realizing that he was the same man, she went to his office to apply for a job. On learning the truth about his identity, she indignantly left his office. The novelist, who was trying to eradicate the illusions from the mind of the girl, managed finally at the close of the last act, to win her heart.

Ann Harmon, who played the feminine lead, gave a remarkable performance as the sentimental "Romantic Young Lady" who wanted to make a name for herself.

Dan Byles did an excellent job portraying the author.

The grandmother was capably handled by Barbara Iden. The pace of the play quickened when she entered.

Barbara Shore did an exceptionally good characterization of the old housemaid. It was her lines that kept the play moving.

As the three brothers, Bill Drew, Max Tungate, and Bill Cook were brilliantly cast.

Honors go to Marjorie Owen and Donald Tuck for their supporting characterizations. They gave a superb performance.

Janet Main and Harry Wilklow showed their dramatic ability as the author's secretary and servant, respectively.

Mr. Freed deserves recognition for his excellent job of directing.

"Big Night for the Seniors"

SWISH—another grass skirt whipped by as I stood watching the couples dancing at the Senior Prom. It was to the music of Tommy Tabler's orchestra, from Michigan State, on April 26th. It's too bad I didn't bring my torch, I thought, as I looked around and imagined myself on a beach at Bali Bali.

From the expressions on everybody's face I could see the atmosphere of a tropical moonlight night was creating romance.

Even at the height of the fun, Diary, I thought with a pang of regret, that this was my last Senior Prom in high school.

Around on the walls were beautiful girls in sarongs and sail boats on a quiet sea.

It seemed to me that everybody was there—well, at least 150 couples. However, it wasn't too crowded because, for the first time, the Prom was held in the W. K. Kellogg gym. It was really swell, too, and I think everyone liked it for a change.

The committees were under the direction of Miss McCracken, senior adviser, and President Max Avery, general chairman. Marge Owen and Janet Main were co-chairmen of the decoration committee. Helping them were: Carole Johnson, Mildred Crane, Mary Jane Guchess, Helen Mickel, Robert MacDaniel, Jack Horton, Martin Walton, and Ray Button. Other hard workers included Catherine Myers, Dan Byles, and Joan Loffi, who were chairmen of the program, ticket, and publicity committees, respectively.

Ann Harmon—Mostly known for her dramatic ability, Ann has also been an officer in each class.

Eugene Ketchum — Known to everyone as "Si". This year he has been not only a star of the track team but also the captain.

Stuart Williams — Without "Stu" the Paean would be minus some **very** interesting snapshots.

Mary Gorsline—To see Mary without a smile for someone is as rare as really enjoying exams.

Richard Gibson—Dick has a mind for figures—that is, he's a whiz in algebra and math.

Harriett Halloran — Outstanding in sports, Harriett edited the girls' sports for the Paean. Just watch her play ping-pong!

Margaret Watson — Better known as "Peg" she has proved that a girl can be a successful Student Council President.

Hugh Nipper—Best-looking was pinned on him and he can sure give out with some mellow jive on the trumpet too.

Sally Miller—Always ready for a good time, yet does her part for she has been the active D. of L. president this semester.

Harry Wilklow — Harry is an essay-contest winner besides being active on the "Key" and in various assemblies.

Bill Harrington—Bill has a smooth swing band and is one of the most agreeable fellows around school.

Catherine Myers—Too bad this picture isn't in color to show up her auburn hair. And Catherine can really draw too.

Joyce Synden—Joyce graced the halls of B.C.H.S. with her attractiveness as well as being co-literary editor of the Paean.

Lillian Verity — We'll say the same for Lollie as we did for Joyce because they're always together.

Bob Brenner—An example of brains and brawn, Bob has been captain of the baseball team and also one of the few boys to make the National Honor Society.

Angeline Zull—Angeline, or as some call her, "Deviline" is the "most scholastic" of the class, and can she type!

SENIOR PERSONALITIES

Mary Ellis — It looks like Mary has a future in politics for she has been an officer in both the Junior and Senior class.

Joe Balluff—What a physique — this picture doesn't really do him justice! And Joe's also had a job on his hands co-editing this "super" yearbook.

Dan Byles — Dan's been president of the Chem Club and also had the male lead in the Senior Play.

Bob Wagner—"Chesty" was our capable sports editor of the Key this year. He also did a nice job on many of the sports writeups for the Paean.

Matthew Woods—B. C. H. S. loses an all-around athlete when Matt graduates.

Thelma Silence—Thelma is president of the Phyllis Wheatly Girl Reserves and has been active throughout her school years.

Barbara Iden — Barbara figures prominently in school life as she has been editor of the widely-read Central Key. Also she has been in both the Junior and Senior plays.

Thyrsa Becker — Thyrsa proves that brains and beauty can be combined. Valedictorian and prettiest girl are not to be sneezed at.

Eleanor Bjorseth—Another all-A student "B.J." is a very fine artist.

Bob Kellogg—As co-art editor of the Paean, Bob has had a lot of chance this year to show his artistic talent.

George Rich — George has been captain of the State Championship Swimming team —need more be said?

Mary Louise Rice—"Busiest girl" is putting it mildly. As co-editor of the Paean, she's here one minute—somewhere else the next.

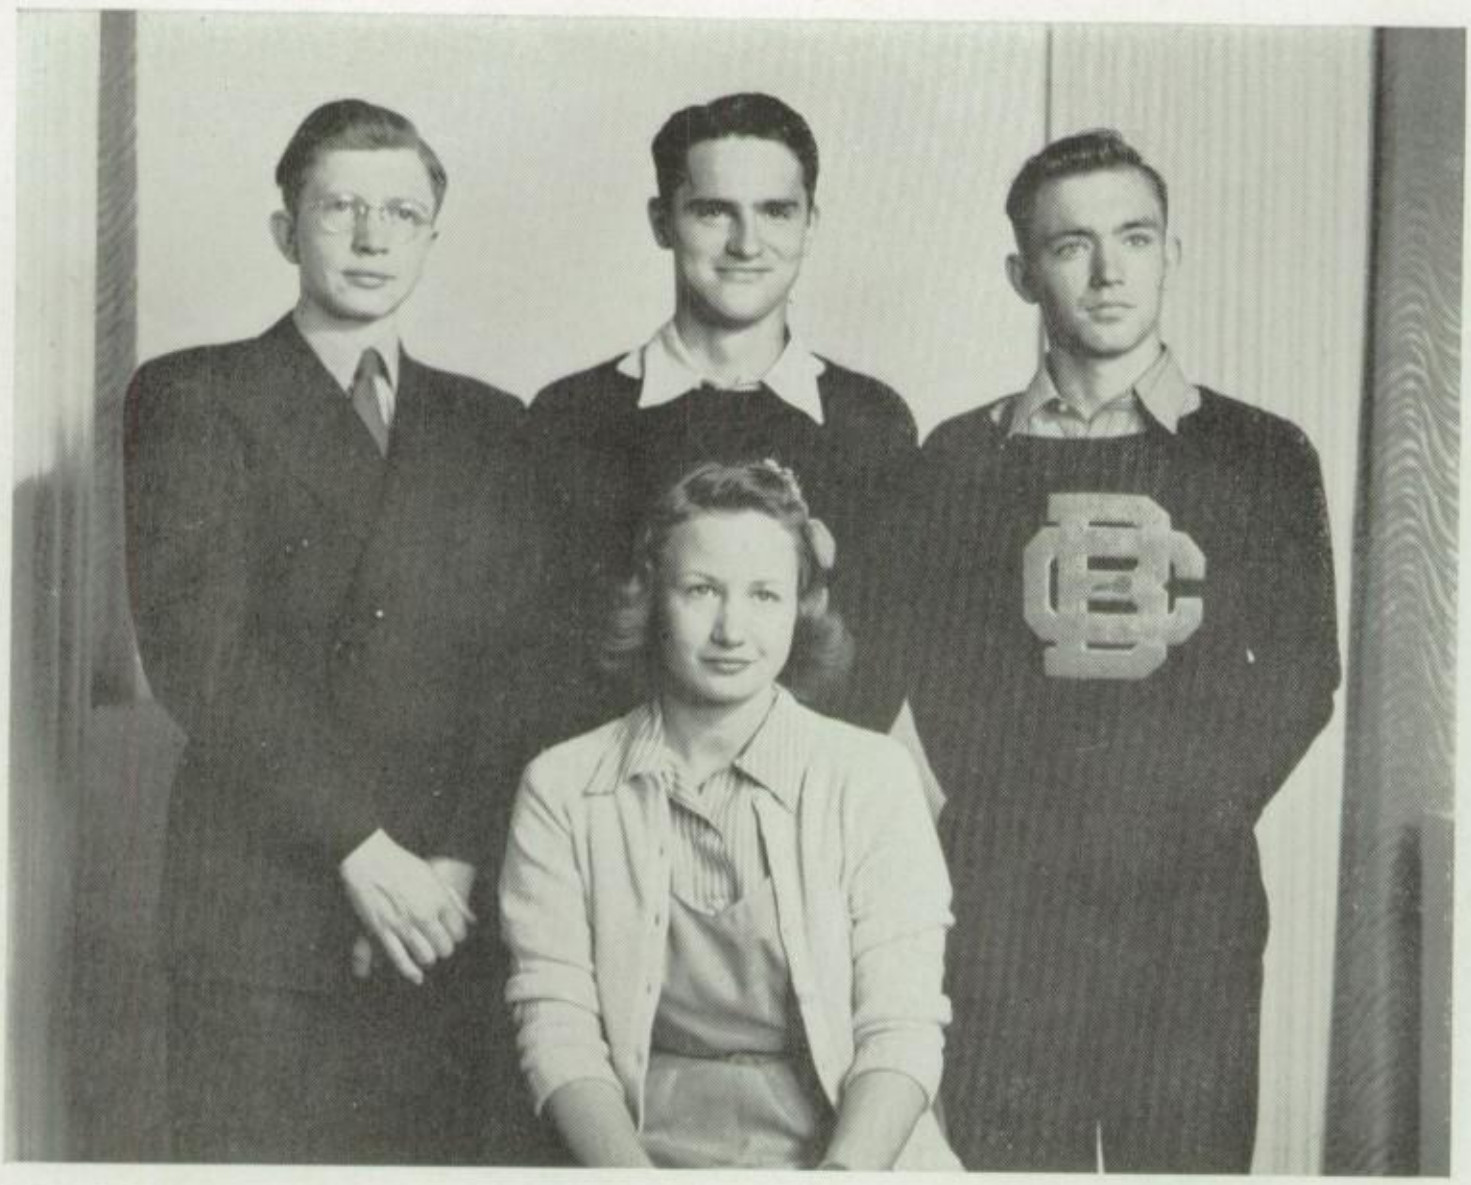
Mary Ykimoff—Mary's proved her worth many times by helping where it's most needed.

Max Avery—As president of the senior class, Max seems to know practically everybody in school.

Bob Nordstrom—"Smart as a whip" fits Bob, and he was voted "most likely to succeed" besides.

Jim May — Many will remember Jim as he looked in a football uniform with that pigskin tucked under his arm.

Dear Diary



SITTING: Mary Zimmerman, Secretary.
STANDING: Bob Williams, President; Bob Gibbs, Vice-President; Dick Wiles, Treasurer.

"To Each and Every Junior"

FOR so many years the achievements of junior classes have been formally recorded that they may seem to be mere routine activities —even in times like these, when events must be great to attract attention, our interests and activities have been significant and are of lasting value.

In promoting the customary activities of our class, we have been motivated by common desires, bound together in the spirit of American citizens, each seeking to benefit himself and the entire group.

To this end we presented Goldsmith's "She Stoops to Conquer," and we are justly proud of the production.

At our J-Hop we gave one hundred twenty couples a chance to dance and be gay.

Following commencement we gave a dance in honor of the Seniors, an appropriate farewell.

Since we have been learning thus to work together, to recognize our dependence upon one another, to find real satisfaction in seeing our ideas and efforts, combined with those of others, bear fruit, we derived something which is a valuable supplement to our work in the classroom, in preparing us for after-school life. In their small but sure way these experiences give us more confidence with which to meet the coming years. And surely, growing confidence, courage and competency to carry on daily tasks are the great need of the Youth of America.

"She Stoops to Conquer"

TONIGHT is December 19th, and I just got back from the Junior Play, and it really wowed the audience. Here's an idea, Diary, of what it was about. Most of the action of the play took place in the home of Mr. and Mrs. Hardcastle, in rural England, where Charles Marlow is sent by his father to woo and win their daughter, Kate.

Young Marlow is handicapped in his courting by a shyness which overcomes him in the presence of ladies of fashion, but Edith Britton was charming as Miss Hardcastle, who gets around this obstacle by posing as a barmaid so that he may woo her unafraid.

Gerald Austenson, as Charles Marlow, was her handsome suitor who, with pleasing versatility, was one moment shy and inarticulate and the next bold and talkative.

Virginia Westphal, as Miss Neville, niece of Mr. and Mrs. Hardcastle, played her romantic role gracefully and convincingly.

Edith West, as Mrs. Hardcastle, played well the part of a bewildered and sputtering mother.

Richard Hess, Gerald Grover, Bob Wilson, Jack Flynn, Richard Star, and Daryl Roche were entertaining and did very well in their respective parts.

Walter Howard, Vaughn Sink, and David Holmes are memorable in the Tavern Scene. Phyllis Reeves was the Hardcastle's maid and made the most of her opportunities.

It's no longer December 19th, Diary, my fingers are numb, so I'm going to bed.

"Juniors Put on Annual Formal"

ALTHOUGH this annual dance is called the J-Hop, it's a big event for the whole school. Right now, February 15, having just come back from the dance, I'll put down all I can remember. Just to show how everybody turned out for it, Diary, I'll make a guess there were at least 125 couples all having fun there in the girls' gym, dancing to the music of George King.

With life-size silhouettes of spinning wheels and old fashioned boys and girls doing the minuet on the walls, it seemed like an eighteenth century drawing room. The patriotic theme was also carried out with busts of George and Martha Washington, and a huge liberty bell which was hung in front of the chaperons' nook. The ceiling was covered with twisted red, white, and blue crepe-paper. Twisted crepe-paper of the same colors resembling drapes were at the windows.

Bob Gibbs and Mary Zimmerman were in charge of decorations. Their committee consisted of Clifford Beem, Sammy Beronja, Keith Cantrell, Norma Jean Crowe[illegible] Bob DeNooyer, Karleen Keeney, Arah Kinney, H. A. Manby, Beverly Merrill, Jack Trump, Eugene Nusbaum, Bill Moody, Tex Pixley, Emily Rich, Louis Shiflea, Bob Stoothoff, Jean Traut, Betty Be[illegible], Anne Kendrick, Phyllis Farr, and Willene Jones. Hiram Coleman had charge of publicity, with Bruce Bogie, Curtis Main, and Victor Miles to help him. Charlotte Grant and Phyllis Nicholson took care of the programs, and Dick Wiles, the tickets.

On the reception committee were Mary Zimmerman, Bob Williams, Bob Gibbs, Dick Wiles, Karleen Keeney, and Richard King. Bob Williams was general chairman of the dance.

FIRST ROW: Wiles, Jones, Zimmerman, Neal, Main, Johnson.
SECOND ROW: Brewer, Traut, Ashton, Henry, Henslar, Crowell, Kendrick.
THIRD ROW: Keeney, Merrill, Polk, Frey, Britton, Grienberger.
FOURTH ROW: Bentley, Wade, Rowoldt, Bundy, Petty, Murray, Beem.

"Last Big Event of School Year"

WELL Diary, I won't be a Senior much longer, and I am looking forward to the Junior-Senior Reception held just after Commencement, June 19th, in the Girls' Gym. Everybody should have fun dancing to the music of Arn DeCamp's orchestra from Lansing. The ceiling will be decorated with soft pastel colors. Around the Gym will be life-size figures, illustrating the vacations and activities which Seniors will enter after school.

The co-general chairmen are Robert Gibbs and Robert Williams. On the decoration committee, headed by Curtis Main and Willene Jones as co-chairmen, are Clifford Beem, Betty Bentley, Edith Britton, Barbara Brown, Betty Bundy, Robert Chirstopher, Norma Crowell, Annette Frey, John Grienenberger, Max Johnson, Ann Kendrick, Marion Henry, Beverly, Merrill, Calvin Murray, Tom Pershing, Emily Rich, Leola Rowaldt, Jeanne Traut, Leda Wade, H. A. Manby, Walter Edgerton, and Elma Petty.

Chairman of the reception committee is Mary Zimmerman, who is assisted by Sylvia Ashton, Eleanor Brewer, and Gloria Hensler.

Dick Wiles is chairman of the orchestra committee, and the other members are Frank Case, Terry Howard, Guilford Burger, Joe Wells, and Dorothy Polk.

In charge of the program and tickets is Barbara Neal, assisted by Joe Fales.

JUNIOR PERSONALITIES

Bob Williams—Bob's ready smile and friendliness to everyone voted him into the Junior class presidency this year.

Bob Gibbs — Commonly known as "Ed" has been very active in sports and is also popular as the Jr. class vice-president.

Phyllis Reeves — Her dimpled smile makes her one of our cutest girls.

Dick Hess—A boy with a ready smile and active in sports and other school activities.

Bettie O'Brien—Bettie's engaging smile and her ability as a majorette has made her popular.

Dick Wiles—"Paddlefoot" is another athlete—but his strong point is tennis. He is Secretary of the Junior class this year.

Curtiss Main—A very able scholar of B.C.H.S. and we expect to see much of him next year.

Ann Kendrick—"What's that make me, a boy scout?" is her commonest expression. Ann is dramatically talented and witty.

Dorothy Polk — "Dot" has proved to be a versatile girl, not only in her school work but musically as well.

Bob Pyatte — Even though Bob doesn't say much he's done a lot on the Student Council and his ideas are always good.

Bill Edwards — Besides being good-looking, Bill looks like a promising star of the tennis team.

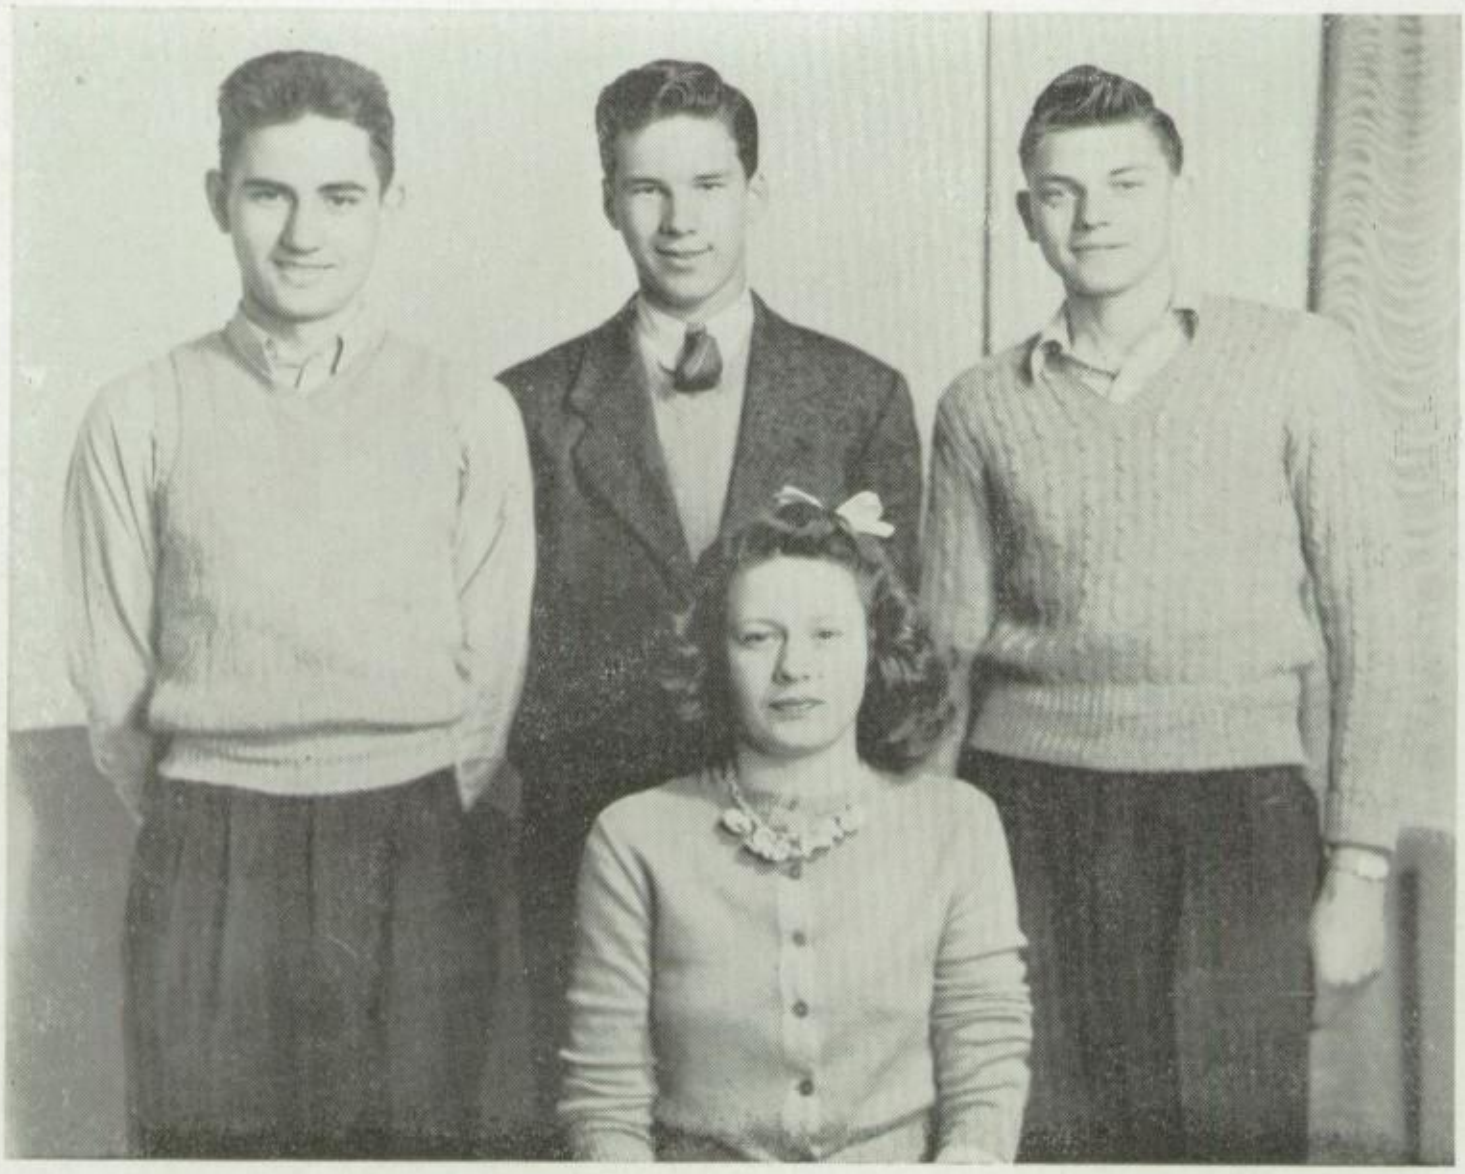
Carleen Bagnall—A scholar and member of the debate team, Carleen has also worked on the "Key" and done a good job too.

Guilford Berger — Guilford was the "Maestro" of the Band Follies—very good too. He is also very talented musically.

Edith West—Edith's ability dramatically helped to make the Junior Play a success.

Sophomores

Dear Diary



STANDING: Brown, W. Brown, Shull.
SEATED: Livingston.

"Listen, My Children, and You Shall Hear"

MRS. HORNBACK'S cry of the Old Woman in the Shoe—"I have so many Sophomores, I just don't know what to do!" was heard by the Board of Education and a happy adjustment was made by appointing Mr. Milton Ellison as an additional counselor for this large group of Sophomores.

Our "Jamboree" for the welcoming of two hundred and fifty new enrollees in February inaugurated the unique feature in the personal escorting of fifteen guidance teachers by the members of the Class Board of Control to our party.

If you want proof of our athletic prowess or of our scholastic standing, consult the list of stars who have burst forth in this year's records. The boys of our class are grateful for the kindly service of our new genial assistant principal, Mr. Leo Shaw. All of us are aware of a better feeling of comradeship existing between us and the faculty since the appointment of Miss Ruth Penty as our guidance director. Her staff of volunteer guidance teachers have given us much needed information in regard to our future plans.

We want to say "Thank you" for the special favors which come from our obliging desk clerks, Miss Doris Sootsman, B-4, and Miss Bessie Johnson, C-13.

To you, Mr. Welsh, and other members of our faculty, we are all ever mindful of your supreme desire to have us become happy and useful citizens, so we can thank you best by living up to your ideals for us.

"Soph's New Idea"

IT'S as new as the latest fad, but a lot more lasting. I'm talking, Diary, about the Sophomore Board of Control. Just this year the sophomores put this new plan into effect. It's a little hard to get it straight, so I'll try to explain it now while I remember. Class officers were chosen from session rooms C-13 and B-4, then in September there was elected a complete cabinet for each hour of the day. The class entering in February elected a president also for each hour. The class officers were elected from nominees of both rooms. The remaining session room officers were placed on a Board of Control.

The thing that impressed me most, Diary, was the novel idea of having cheer-up secretaries. Their chief duty is to send cards to, or call people who are confined because of illness, etc. This certainly is a unique idea, and I imagine the kids who are sick really do appreciate it. It's always nice to know someone is thinking of you.

This idea seems to be a huge success so far, and I hope it continues its fine start.

SOPHOMORE PERSONALITIES

Barbara Leach — Can manage her study hall students so well that visiting professors gave her special attention when they came to Central High.

Bill Brown — Always on the job when a good host for parties is needed. Scored in Sophomore football.

LeRoy Elliott — Artistic, scholastic, and romantic will be the career of this young traveler.

Peggy Knode—Her eyes of blue make you want to be true. Scholarly and gracious attributes make her welcome everywhere.

Doris Livingston—She was the only girl elected by the sophomore class to be one of their officers.

Carlton Coss — Collected class dues, starred on baseball team, and counts his girl friends by the dozens.

Charles Shull—Interested in sports, Y.M.C.A., and Sophomore class activities. Honors in all. Smiles for a Lassie from Kentucky.

Martha Kirkpatrick—Scholarship in **five** subjects above par. Owns a "Service-for-all" car. Will be the outstanding physician of Battle Creek some day.

June McIntosh—Wolverine State meeting for girls at Ann Arbor will be honored with the presence of this wide-awake Sophomore.

Bud Brown — Bud has proved his dependability not only on the Track Team but as Vice-President of the Sophomore class.

Bill Horton—Thinks, smiles and swims at the same time. Scholastic record more than matches his swimming record.

Margaret Conklin—Beware of her camera for it is "Candied"! Her rainbow sisters could give you a real "close-up" on this fine lady.

"Indispensable"

"TO masticate the muslin, digest the dimity, or to be absolutely frank with you—chew the rag" is the process which goes on in Student Council meetings and leads to the fine work they do as the student governing body of our school.

Just to prove to you, Diary, what an influence this body really has on school life, here are just some of the activities which the Student Council has completed this year:

They sponsored a Pep week from October 28th to November 1st. And the students proved what a success it was by the spirit they showed. They also sponsored a Clean Halls Campaign which really had results. Harry Newton Clark's program of vocational guidance was also sponsored by the Student Council.

For the big football game of the season, the members planned the gigantic bonfire the night before the game and, on the next afternoon, a parade following the Pep meeting. After the football season was over, the Student Council's annual formal dance was held on December 14th in the girls' gym. Bi-monthly informal dances were also sponsored by the Council.

In order that the students could see all the trophies B. C. H. S. has won, they installed lights in and cleaned the trophy case. And the kids who eat down at noon really appreciate the new ping pong tables and equipment the Council furnished.

"Annual Snowtime Shuffle"

BRRRRRR, I said, as I entered the Student Council Dance at the Girls' Gym tonight, December 14th, but it wasn't from a cold shoulder; it was because the snow scene was so realistic. However, I soon warmed up to the music of Bob Dean and his orchestra. Student Council members really played up the theme by having the chaperons' nook fixed like a hunter's lodge, with toboggans and other winter paraphernalia scattered around.

Blue bulbs on Christmas trees made it seem even more like a winter evening, and I really whipped around in a great fashion! Lifelike silhouettes of people on snowshoes and skiis peered out from the walls.

Naturally Bob Price, our Paean photographer, was buzzing around busy as a little bee taking pictures for our annual. And, of course, I was busy chasing him, trying to get my puss in a picture.

The programs were very unique in that they were red and green holly wreaths, which reminds me I want to save mine.

While I think of it, Diary, I better give some credit where it's due. Betty O'Brien and Hugh Nipper were co-chairmen. Helen Mickel was chairman of the decorations, and Bob Hagelshaw, chairman of the publicity committee, was helped by Eugene Ketchum, Dorothy Billings, and June Morse.

Mr. and Mrs. S. R. Stevenson, Mr. and Mrs. LaVerne Hansen, Mr. and Mrs. R. S. Hale, and Mr. E. Reynolds were the chaperons. The reception committee was made up of the Student Council officers: Margaret Watson, James May, Mary Gorsline, and Eugene Ketchum.

FIRST ROW: Bently, Becker, Reeves, Main, Harmon, Crowell, Rond.
SECOND ROW: Miss Burke, Wright, Britton, Traut, Bjorseth, Owen, Kendrick, Watson, Iden, Palmer, Mr. Freed.
THIRD ROW: Elliott, Bagnall, Worgess, Brown, Balluff, Wilklow, Austenson, Drew, Flynn.

"Four Star Productions"

"TO BE or not to be" a member of the Players' Club, "that is the question!" Was it worth being an apprentice for one semester? I'll say it was! Besides being able to show off my dramatic ability (ha, ha) I've had a great time at the hay rides, sleigh rides, taffy pulls, and Hallowe'en parties. Need I mention any more to prove what a super club it is?

We really got a chance to "strut our stuff" in the Armistice Day play. Not only did the students have the privilege of seeing it but also a special performance was given for the public. Don't think it wasn't a lot of work, for we really spent a lot of time and effort on it. However, from all the favorable comments, we realize that our energy wasn't wasted.

Besides presenting skits for school assemblies, which pleases everybody no end, we also take part in many outside activities.

I might have had to spend a lot of dull evenings if it hadn't been for the entertainments planned by the club.

President . . . . . Janet Main

THIRD ROW: Wagner, Newman, Trubow, Tungate, Herwarth, Berry, Pratt, Wellever.

"Oh, Won't You Say 'Si, Si'?"

JUST to hear the name "La Tertulia" would put me in a daze, Diary, because what I don't know about Spanish would fill a whole book, in fact a whole set of books. But that is the name which the members call their Spanish Club.

Though it was started only five years ago, the club is very successful and has, so they tell me , grown steadily in membership and popularity.

And the Spanish Club really has a purpose too, Diary—to promote better relationship with the Latin American countries through interest and understanding. And, thinking of some of those tall and handsome caballeros and the dark-eyed senoritas "south of the border," I think it's a fine idea!

Besides this main purpose, which, seriously, is something to think about, the members of the Spanish Club, or to use their lingo—"the club Senores and Senoritas"—have enjoyed plenty of good times this year. And who wouldn't? What with the gay parties and picnics which were planned.

And in all, Diary, you can gather it's a pretty grand club.

President . . . . . Bill Hammond
Secretary . . . . . Bob Weeks

"The Early Bird Gets the (Book) Worm"

CAN you imagine twenty girls getting together for any other reason but to gossip? You can't? Well, I was dumbfounded, too! But just take a look at the Book Club, not a boy in it (as I've heard the members griping about often!), and they really do get something accomplished.

They meet certain Tuesday evenings at the homes of the various members to discuss the newest and most popular books. It certainly is a time-saver to have someone else read your books for you, especially when you have a book report due the next day!

Miss Mavie Bohanna, from Willard Library, reviewed "The Fire and the Wood." "The Brewers Big Horses," "The Lone Feather," and "Chad Hanna" were among the books reviewed by the members. For the people who like to read—that includes all the members—it's no task and it helps to give them more poise.

The whole club turned out to attend a Kathryn Turney Garten review on "For Whom the Bells Toll."

From these reviews and the discussions following, the girls have had a real benefit and a lot of enjoyment.

"Aisle-Trotters"

THE citizens of Battle Creek would be like babes lost in the woods as they wander around in the vast auditorium of W. K. Kellogg Junior High School *if* it were not for the B. C. H. S. Usher Club. Nearly every time I went to the auditorium they were on the job whisking people about efficiently to their seats.

Officers of the club are: President, Harley Simmons; Vice-President, Carole Johnson; Secretary, Lauretta Cate; and Treasurer, Bob Baker. The club adviser is Mr. Phares.

SITTING: Shook, Desmond, Latta, Grienenberger, Schaible, Bogie, Seage, Manby, Fisher, Chambers, Gibson.

"Oh, Those Chem. Club Initiations!"

THE weary members of the Chemistry Club plodded home and took their cod liver oil, dusted their feet with medicated foot powder and gagged down (?) for an upset stomach. *This* was the aftermath of the club's trip to Kalamazoo and their tour through the Upjohn and Kalamazoo Vegetable Parchment Company—they had to use up their samples, didn't they?

As one of the members put it, "Our initiations are killer-dillers!" But if you try to question them further they shut up like clams. They've had two initiations this year. The day after, you always see the new members staggering around school still pale and white from their ordeal.

Soaked to the skin and with drooping drawers, the Chem Club members gurgled down their cocoa and munched on sandwiches after their tobogganing party.

Oh, Diary, I'm most disappointed to think nothing sensational happened—nobody even got pneumonia. The only person who got anything was the hostess, who got the "cob." She had to do the dishes!

"Junior Y. M. C. A. Members"

THE Fourth of July doesn't have anything on the way the Hi-Y Club began this year—in other words, I mean, it started out with a bang! Last night as I was walking by the new Y. M. C. A., I saw the boys going in. Their meetings are held every Wednesday night. They sure are lucky to have such a swell place to meet.

The fellows in the club have enjoyed listening to talks by some outstanding men. The girls haven't been too neglected because with their dates they've had such good times at the dances and parties given throughout the year.

Various members of the organization have been privileged to attend state conferences at Muskegon, Lansing, and elsewhere. Plans are being made for spring and summer activities, such as a trip to Detroit, picnics, summer camp at Hayo-went-ha, and the baseball tournament.

Besides having fun, the club has a real purpose—"to create and maintain throughout our school and community high standards of Christian character."

So, Diary, I think that more of these kind of clubs should be encouraged, and I really mean it, because I know some of the fellows who are in it and they're really "tops."

"Don't Try Arguing with Them"

RESOLVED: Next year I'm going out for the debate team. Tonight I heard our team debating against Albion in the elimination series and we lost, but it was our first defeat of the season. Their topic for the year was no cinch: "Resolved, that the power of the Federal Government should be decreased."

It never ceases to amaze me that the team won four times taking the affirmative and then *also* won twice while on the negative side. It seems to me they ought to get all mixed up.

Battle Creek won its elimination tournament and that was quite an honor because only sixteen schools out of the three hundred that started were able to reach the elimination series.

No wonder Albion defeated us, and therefore we were eliminated from further participation in the series, because it was the same team which entered the quarter final last year and our's was a team of Juniors!

I think all my teachers would recommend me for the team because I spend most all my time trying to argue them out of giving homework. (Not that it does any good.)

Mr. Postma is the faculty adviser. The members of the debate team are: Ann Kendrick, Caroline Gibson, Gordon Reitz, Robert Crummel, Carlene Bagnall, Robert Williams.

FIRST ROW: Weddle, Shay, Swartz, Bently, Ellis, Hughes.
SECOND ROW: B. Kishpaugh, Spaulding, Anderson, Marshall, Loffi, Rolfe, F. Kishpaugh.

"Secretaries in the Making"

I SURE had the time of my life among palm trees, South Sea Island music, and eating native food, which set the scene for the Hawaiian banquet, a part of the nation-wide banquet for Young Business Women. Gardenias and gaily colored leis were presented to the junior organization of this club—the White Collar Girls—as a part of their initiation. The speaker of the evening was Mr. Naseeb Damoose. His subject: "What It Means to Me to Be an American." I really thought the evening was swell.

Miss Baller addressed the group at their first meeting, choosing the "Interview" as her topic. Miss Clair Cate, a former student of High School, spoke at the next meeting and developed the story of the interview to the first day of work.

The club is reorganized from the former Commercial Club and was created to more fully acquaint the girls with some of the problems they will have to encounter upon graduating and seeking employment.

"Leaders of Tomorrow"

A FELLOW really "rates" if he's in the Boys' Achievement Club, and that's no lie. Scholarship is either taken into consideration or such qualities as leadership and sportsmanship. I was talking to Mr. Shaw, who heads the club, and he said they weren't sure whether they would have a theatre party, a party with their dates, or take a trip to Detroit to see a Tiger ball game.

Their more business-like activities include selecting a boy for Boystate, choosing somebody to receive the Danforth Foundation Award, recognizing talent for leadership, and planning the organization of some enterprises which would result in the benefit of school welfare.

The members try to encourage individual initiative and the foundation of ideals—and to give a fuller opportunity for the expression of school citizenship. Through aid and guidance, they attempt to remedy any condition resulting from malpractices. This club tries to recognize talent for leadership, and to stimulate youth to purposeful living.

"Activites is Their Specialty"

EVERY Friday afternoon at 4:00, the members of the Phyllis Wheatly Girl Reserves meet. I guess the club must really have something on the ball because the members number twenty-five and they are usually all present at every meeting.

The club is divided into four committees, the business, social, service, and ways and means. Each has a Friday in which they have charge of the meetings.

All the girls have worked extensively in the field of music and dramatics. Besides this they have had sweater dances, hikes, and swimming and skating parties.

The climax of the year will be the formal dance given at the Y. W. C. A. sometime in the middle of June.

In April, the girls really had a big get-together, with the members of the clubs in Jackson and Albion visiting here. Arriving at noon, they ate their dinner, then they warbled a little and formed discussion groups. At 3:30 the group visited Fort Custer and the 184th Field Artillery. The group numbered eighty, and if you don't think they had a swell time, just ask one of them!

"Nothing to Do With Geometry"

WELL, Diary, from what the members tell me about the Triple Triangle Club's activities for this year, it's going to take at least five years' of space when I write it down.

First of all, to get the new sophomores into the swing of things, a potluck supper and a theatre party were given for them. Next, scrapbooks were made for the Altrusa Day Nursery. The members celebrated Christmas at a party, and also attended a Vesper Service.

Two of the girls had the luck to be sent as representatives to the State convention in Flint.

Besides the informal teas after meetings, a Faculty Tea was held and a Mother and Daughter banquet given.

The girls got together with the boys at a Hi-Y Girl Reserve rally, and to commemorate their anniversary they attended another Vesper Service. They've also had lots of good times hiking to the Pines and Bailey Park.

At this rate, Diary, you can see the Girl Reserves really get around, and they have a good time doing it too.

"Many High Ideals"

TONIGHT I went stag to the Allied Youth dance—that's the only trouble, nearly everybody *does* go stag. I was talking to one of the members and he said that their chief project this year had been "The Anti-Liquor Advertising Program." Even with the music of "Frenesi" in my ears, it made me think seriously that in times like these there should be more groups like the Allied Youth whose ideals are to uphold the highest standards of democracy.

At the State Convention which was held in Detroit this year, Mrs. Fuller and the eight members from Battle Creek really got around, from what I hear! They attended every meeting (?).

The B. C. H. S. students at the Allied Youth's annual dance watched the old year stagger out and the new one crawl in. It doesn't even take a special occasion like New Year's Eve to have the Allied Youth sponsor one of its many dances. During the term the members of the organization enjoyed seeing a State Police film, hearing a speaker from Fort Custer, and listening to a few musical programs.

"Nothing Dull in This Club"

EVEN though the name of this club sounds awfully technical, the members really have a lot of fun, besides gaining valuable information. And you know, Diary, I wouldn't be joining anything that didn't offer a good time!

Miss Holmberg spoke on the war and England, a subject which everyone is concerned about now. An idea of the life of a United States soldier was given by Sam Barney. Reverend Johnson told us about the missionary work in China and the war with Japan. Attorney North explained about city government which fitted right in with what we were studying. The girls were thrilled by State Trooper O'Rourke, who spoke about the Michigan State Police. Mr. Pitkin, who was one of our first speakers, also gave a very interesting talk.

"Well, Bowl Me Over"

LAST November, all the fellows were talking about having a bowling club, and finally they got themselves organized into a regular league. Even though I don't understand much about the game, I had a swell time watching the fellows and they're really getting pretty good. These five boys made the highest average scores: Bob Englehardt (154), Luigi Maddalena (152), Werter Graham (147), Walter Hardenburg (135), Bert Oles (138). They had arranged for them a three-game matched play with Kalamazoo Central High School's Bowling Club.

The results of this new club were very successful, and I'm sure that when next fall rolls around, we will have in our midst many seasoned bowlers.

Monday afternoons you can usually see the boys whipping down to the Union to play their regular games. Bob Weiderhold's team placed first, George Jackson's, second, and Bert Oles', third.

I haven't the remotest idea of what I'm talking about, but I hope you understand, Diary. The thing that gets me about bowling is the score—but then I never knew what it was anyway, (ahem)! ! !

"Going to Press"

DASHED into C-14 with my "Key" assignment and just beat the deadline—as usual! This race with time has been repeated eleven times throughout the year, but after I see the enthusiasm with which the kids receive it I realize all the effort was worth it.

Boy, what I would have missed if I hadn't been on the Key staff to be able to go to the two annual press conferences, one in Kalamazoo, and the other in Ann Arbor. Everybody really is worn out after the three days on the U. of M. campus, but it's not just the work that wears us out!

At the first of the year the members of the editorial staff and the ad staff held a get-acquainted party and it was quite a success!

At the beginning of the second semester a general staff advancement took place to make room for the "cubs" which enlarged the staff considerably.

"Who's Shakespeare"

YOU sure can tell by the name of this club that its members include students who are pretty hot at drawing and writing. Its unusual feature is that when you apply for membership, and any student is eligible, you use a pen-name and therefore don't have to confess that you're the guilty party. However, if you're accepted, it's on *your ability* (no apple-polishing here!) alone. After being accepted, your name is revealed and an invitation to become a member is sent by the Board of Governors.

The members meet informally twice a month to display their artistic and literary creations and to give and receive constructive criticism. After the formal meeting is over, the members sit around and exchange their bright (?) ideas.

Now all I have to do is dig up that artistic talent I haven't got and see if I can think of a pen-name and then maybe even *I* can be a member.

Well, Diary, if you were published they might be giving me an Honorary Degree. No chance of that, though.

"Governs Daughters of Liberty"

AT the "Fall Frolic" last night, I found out more about the D. of L. Board than I'd known before. I noticed that all the couples who were dancing to the music of Mike Kelley were having a grand time. These "girl-date-boy" affairs are sure super and the May Party is another one that the D. of L. sponsors.

Their biggest project this year, so I was told, was the placing of more mirrors in the girls' rest-rooms. The way they're primping all the time, it's too bad the school isn't made of mirrors!

Around Christmas time you couldn't even walk down the hall without being overwhelmed by ten or eleven D. of L. Board members trying to sell you Christmas tags. The proceeds were to go to buy stockings for needy girls.

Speaking of National Defense, the D. of L. Board isn't far behind. They have organized a Red Cross Club to make bandages and knit for soldiers and also they sponsored a drive to collect equipment for the soldiers' clubhouse at Fort Custer. Pretty good, eh?

"Swing Y'er Partner"

OH DIARY, my feet are so weary and my legs ache from all the dancing I've done tonight. Boy, did I ever have a smooth time. I always did like the Fall Frolic—girl date boy, you know! When I went in I thought I must be on the right farm but in the wrong barn. However, as soon as I saw the teachers as chaperons I knew I was in the right place. It was held on November 16th in the Girls' Gym, but you'd hardly recognize the place.

The motif was a barn dance and even the members of Mike Kelly's orchestra were dressed like farmers. There were red doors at the entrance and the ceiling was brown and tan.

The theme was further carried out with a hay mow, corn shocks, corn crib, benches, harnesses, and lanterns.

As I left the dance, I shook the hay seeds from my hair and pulled the straw from my socks and drew a deep breath of that fresh (?) country air.

Decoration Committee members were: Jeanne Scott, Lillian Verity, Joyce Synden, Norma Jean Crowell, Ann Harmon, Carol Johnson, Marilyn Adrianson, Doris Willis, Leonore Rheinfrank, Carleen Badger, Rita Durkin, Jean Traut, Thyrsa Becker, Emily Rich, Jean Greenawalt, Betty Henning, Mary Walters, Jean Hughes, Mary Ykimoff, Janet Royal, Anna May Chamberlain.

Mary Gorsline, Betty O'Brien and Mary Ellis served as chairmen of the Ticket, Orchestra and Publicity Committees, respectively.

The theme was even carried out in the programs which were shaped like farmers' hats.

"Girl Dates Boy"

MY DOGS are barking, in fact they're howling, and I'm awful tired. But I want to tell you, Diary, about the May Party. It was sure a huge success, as all the girl-date boy dances are, and May Twenty-fourth was a perfect night—moon, stars, and stuff!

It was held in the Masonic Temple this year, and the music was furnished by Ted Walworth and his orchestra from Hillsdale.

The decorations were very unusual, and I guess the girls worked hard on them; at least all day I saw the members of the decoration committee running around, their hair up, slacks, and worried expressions on their faces. In the center of the floor was a large May pole with streamers of pastel shades running from the pole to the ceiling.

The committee members were: Harriett Hills, Aletha Copeland, Janet Bell, Helen Mickel, Janis Gibbs, Evelyn Boland, Edith Smith, Julia Cole, Polly Knode, Margaret Conklin, June Canfield, Margie Corlett, Eleanor Brewer, Peggy Knode, Doris Weeks, Dorothy Rose, Gwen Price, Sally Phillipps, Mary Marshall, Marilyn Holtom, Beatrice Lewis, Marilyn Adrianson, Peggy Sparks, Mary Ellen Dodd, Catherine Verdine, Janet Johnson, Marthea Roberts, Betty Coleman, Gloria Spaulding, Marian Burnell, Edythe Conlin, Phyllis Reeves, June Wygant, Jeanne Stevens, Carrol Roberts, Beverly Jones, Edith Grant, Jeanne Traut, Bette Bundy, Leda Wade, Betty Jo Woody, Joyce Halbert, and Virginia Palmer.

FIRST ROW: Brudi, Huggett, Sidnam, Fenn, Weddle.
SECOND ROW: Cook, Mix, Lawerance, Reed, House, Linck.

"D. of L.'s New Club"

A NEW club has come into being this year which is sponsored by the D. of L., and it looks like it will be a lasting one. The members tell me it's for the purpose of learning first aid in common emergencies and also to have a good time.

At the first meeting each member discussed a separate topic and got a chance to show how much she really did know. Everybody had fun and went home with a little less weight on their minds.

While on a hike, the girls were mighty surprised to see that their adviser had hidden talent as an Indian war dancer, in fact, they were shocked no end! And besides they had a chance to practice their knowledge of First Aid in a small degree by freeing a huge snapping turtle which had been caught under a fence.

Plans have been made to attend a first aid lecture as guests of the Consumers Power Company and also to help with and study war first aid.

Well, Diary, this seems to have covered the subject, so I guess I'll sign off now.

"Starlight, Starbright"

AFTER being dormant for nearly a year, the Astronomy Club has again become active. The weatherman's lack of dependability has only served to increase interest in observations when he was in a favorable mood. Through talks given by the various members on such celestial bodies as the North Star, the big dipper, comets, nebulae, and planets, they not only learned something about them but also about their location.

One of the big moments for the club was the presentation of the telescope for which the former Astronomy Club members had worked and saved so industriously. But, Diary, the lion's share of credit for making the telescope possible goes to Bob Weeks for his patience in grinding and polishing the mirror.

But let no one imagine that the club spends its entire time discussing and observing the heavens. A clever social committee has provided entertaining games and other diversions which have made the meetings a social success.

"Fun For All"

EVEN though you can't pronounce it, the Nowetampatinmin Campfire Group holds great interest for its members. The first time I heard that as the name of a club I thought somebody was trying to be funny. But then I found out that just some of the service work they have done includes dressing dolls for Christmas, giving articles to the Needlework Guild, and kniting for the Red Cross.

Besides helping others, the girls have good times for themselves. They've taken a trip to the Detroit Flower Show, an all-day trip to a camp near Three Rivers, and an overnight trip to Camp Kitanniwa.

Speaking of parties, they seem to have more than their share. Just listen to this: a sleigh ride and parties for special holidays, a Chinese luncheon, a progressive dinner, and a farewell party for one of their members.

Mrs. M. M. Knisley and Mrs. E. Van Geison have sort of taken the girls under their wings and entertained the girls at meetings.

"This Club Really Clicks"

SNAP into it! Into what? Why, the Camera Club, of course. That is, if you're fast enough—and I do mean at snapping pictures! You know, Diary, this is a new club at school. In fact, it was just organized this year, but already it's very well known, likely because no matter what time of day it is, the members can be "shutter-ing."

Really though, Diary, the purpose of this club is to increase the members' knowledge of photography. And they must have quite a bit of knowledge stored up by this time, too, after having covered many social and sporting events during the past year.

If it had not been for these wizards, the Paean would have lacked plenty of S. A. (in other words, "snap" appeal), as they were the main contributors. And I might as well heap another glory on them by saying that one of their members won the snap-shot contest. I wonder what the snapshot was?

On Thursday nights the meetings are held, at which the members study and learn many of the different phases of photography.

"Melody Makers"

THE chorus certainly proves that you don't have to be in the bathtub to sing well. Here, Diary, are just some of the things they've done this year: Besides singing for various service clubs, the chorus went to Kalamazoo to sing in the Western State Teachers' College Festival. They received praise and encouragement from Eve Curie after singing at her lecture.

I had a great time in my sixth hour class yesterday—one ear on the music, the other on what both of them should have been—the orchestra was practicing on D floor. They have played for numerous school events, and besides these for a World-at-Our-Door lecture, and at the Sanitarium and Ann J. Kellogg School. The whole school appreciates the faithful and efficient leadership of their director, Mr. Tammi. The officers of the orchestra are: Dorothy Polk, president; Doris Cordier, secretary, and Lenora Huggett, librarian.

FIRST ROW: Bissis, Boston, Basso, Chilson, O'Brien, VanAndel, MacRae, Burger, Case, Pullberg, Howard.
SECOND ROW: Crane, Coulter, Krupiarz, Wells, Goodrich, Wilbur, Rider, Cantrell, Pancost, Walters, Klingman, Watkins.

Members not in the marching band are: Bradley, Bailey, Brandenburg, Cordier, Francis, French, Gaarrett, Hombaker, Jacob, MacLean, Sharf, Stoimenoff, Vincent, Whitcomb.

"Nothing But the Best"

A HAMBURG without onions, a man without a country, and a hat without a hat rack is like Battle Creek High School without its Band. From the bleachers we watched the band put on a brilliant performance at every football game, and they also gave other towns a treat by playing for three out-of-town games. Preceding the band were our three majorettes and drum major—Eleanor Chilson, Betty O'Brien, Ruth Basso, and Lee Boston.

The band ranked high in its three contest trips, which included the Regional contest held at Kalamazoo, the State contest at Lansing, where they entered in Concerta in Marching, and the Tulip Festival at Holland. For the first time in the history of the band they gave a Fall Concert and Spring Concert, instead of the usual Spring Concert.

"This Show Always Packs Them In"

ATTENTION! Practically everything's being conscripted and so the Band Follies followed suit and had the day of a soldier as the theme of their annual show. As the curtain rose, I heard reveillie sounding which reminded me of my alarm clock popping off (Oh, most unhappy thought!)

I sure felt sorry for the four fellows in the first scene who had been assigned K. P. duty for playing their clarinets so early in the morning. However, the next scene showed them having a good time at a party in the Hostess House, which was the background for the main part of the Follies.

The show really got underway with the Rainbow Girls' Glee Club, three girl soloists, a Blondie and Dagwood skit which was mighty clever, a colored trio, roller skaters, tap-dancers, violin solo, clarinet quartet, hillbillies, magician tricks, and a telephone skit. I really couldn't decide which act I liked best; they were all swell.

After a grand finale the curtains closed with the sound of taps.

The swing band was directed by Gilford Burger, who also was a very capable master of ceremonies.

Members of the dance band were:

Saxophones: Leno DeMaso, Richard Pierce, Donald Watkins, Jack Severson, Joe Wells.

Brass: Bill Harrington, Hugh Nipper, Leslie Van Wagner, John Palmer, Clifford Ferree.

Rhythm: Gordon Rhode, Franklin Case, Harmon Chamberlin, Jack Spyker, Samuel Lutz.

Mr. Tammi and Mr. Freed deserve orchids for their job as co-directors. The script was written by Margaret Watson, and the setting made by Dick Sutton.

FIRST ROW: Crowell, Watson, B. Weller, Iden, Hoyt.
SECOND ROW: Hall, Woody, Brooks, Berry, D. Weller, Rench, Miss Flora.

"Roll Up the Rugs and Get Hep"

"Y" DANCE There are lots of reasons "Y" everyone likes to, especially at the "Y" dances. The "Y" dances are held about every two weeks, and the two orchestras, Bill Harrington, from B. C. H. S., and Bob Weller, representing Lakeview, play alternately.

Naturally all you see being done is B. C.'s famous dance step, the "Bearcat Bounce."

The decorations are usually pretty sharp, too, for they most always represent some special theme such as Hallowe'en and Christmas. In March they went to town and gave a big Navy dance, which was really swell.

Even though there is rivalry between the schools when it comes to planning dances, the eight members from Central High and six from Lakeview work together and they really pull off some grand parties.

Politics seem to be creeping in everywhere, for during the second semester even the Board worked up a constitution for themselves.

Well, Diary, I've been talking long enough, so I guess I'd better turn in. After all, why should I do today what I can put off until tomorrow?

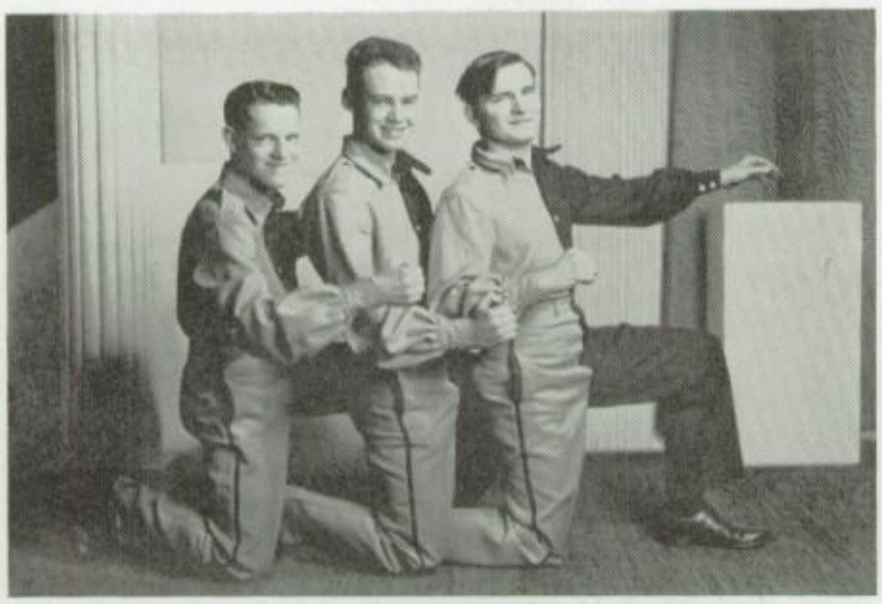
"Every Boy's a Member"

FILLING the offices of the 1940-41 Boys' Athletic Association are the following fellows: President, Bill Blackmar; Vice-President, Jim May; Secretary, Ed Vandenburg; Treasurer, Bob Brenner.

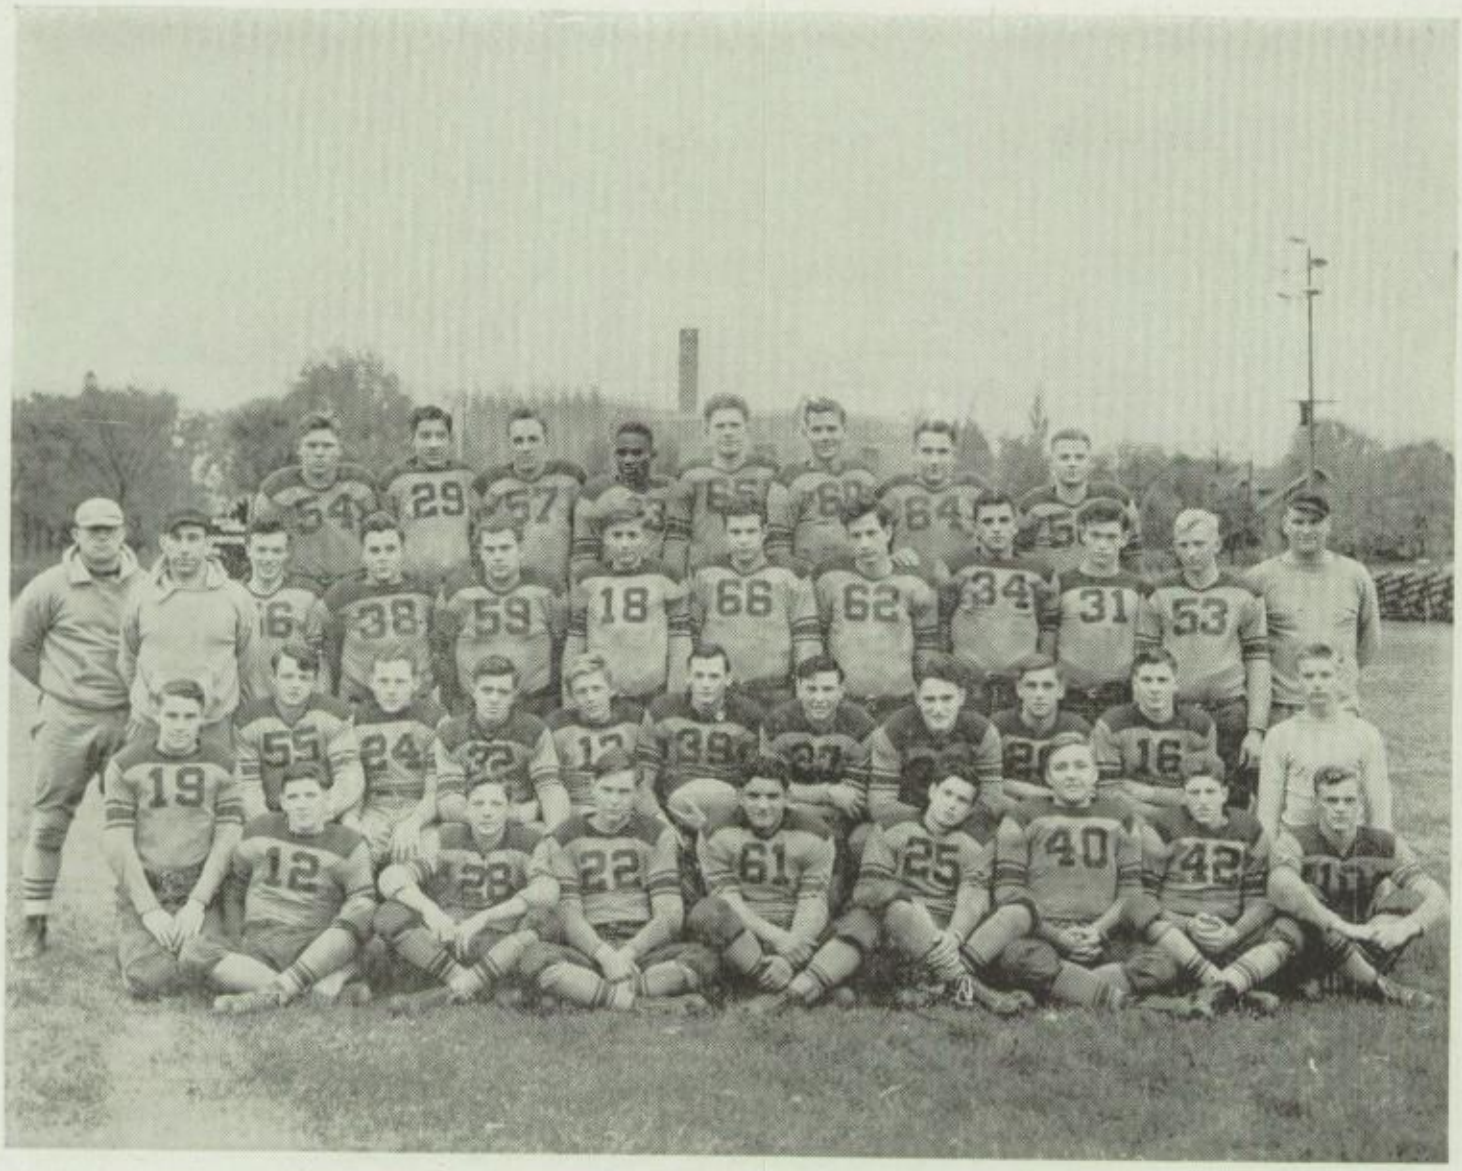
The purpose of this organization is to award varsity letters and numerals. The board is supervised by Principal E. J. Welsh, Mr. H. W. Baker, and Athletic Director Gerald Graham.



LEFT TO RIGHT: Fuller, Poorman, Avery.

Cheer Leaders

Rah, rah, rah—. Three cheers for the cheerleaders who always liven up the games and pep meetings. Anyone may try out, and new ones are elected every semester. The cheerleaders this year were directed by Mr. Shaw.



FIRST ROW: Edgerton, Seltenrich, Swartz, Maddalena, Fox, Trump, VanCamp, Brenner.
SECOND ROW: Simmons, Forsythe, Goodrich, Abbott, Bowdige, Mason, Fox, Gibbs, Ure, Beem, Nusbaum.
THIRD ROW: Smith, LaJeunesse, Bostator, Graham, Bucklin, Chapman, Bamfield, May, Blackmar, Hess, Hartman, Gettings.
FOURTH ROW: Koerner, Manzano, Vandenberg, Woods, Schram, Miller, Maddelena, Jenney.

"Puts the Kick in High School"

WE beat Kazoo, 13-6! Bill Blackmar set up both touchdowns by recovering Kazoo fumbles in their territory. But Mat Woods was the man of the evening. Running low, hard, and fast, he scored both of our touchdowns and Kazoo failed to stop him at any time during the evening. Captain Bob Mason did some beautiful punting and the rest of the team offered superb support to give Battle Creek its first victory over the Maroons since 1935.

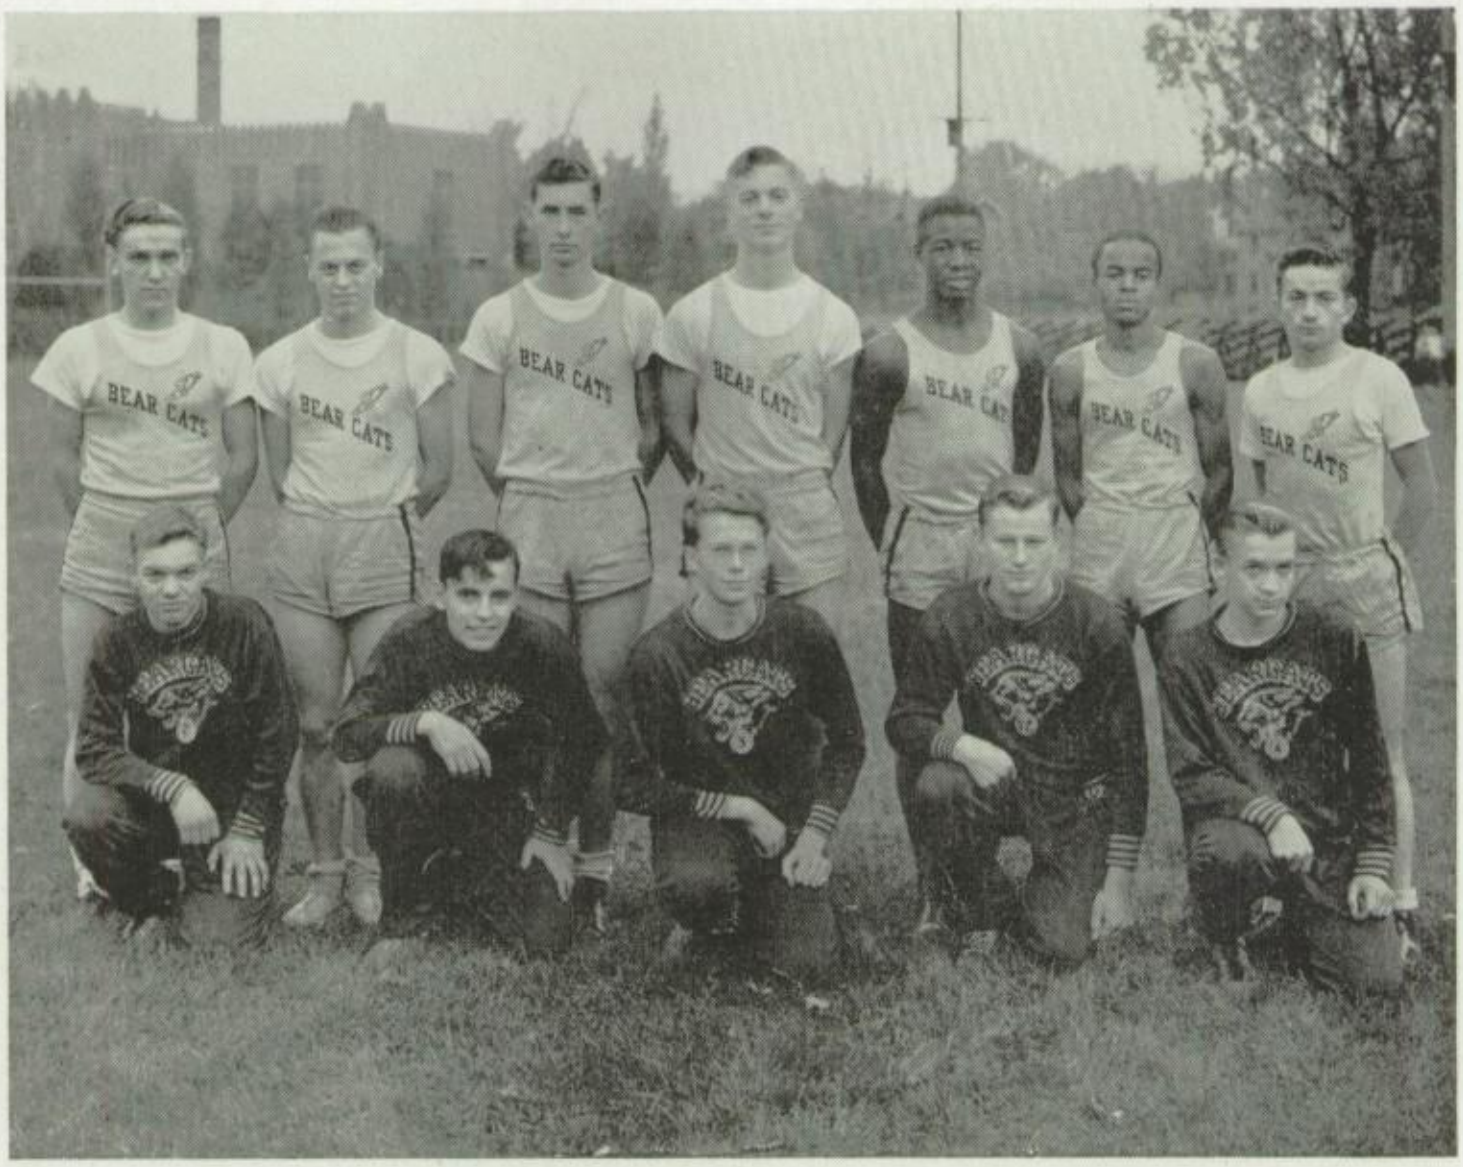
We opened the season against Albion in a game which eventually proved to be the only blemish on an otherwise perfect season for the Wildcats. Battle Creek, 0; Albion, 0.

Inspired play by the smaller Redskin squad was all that kept Battle Creek from scoring early in the Marshall game, but Frank Sophie finally went over to win the game, 7-0.

In the Jackson game the Bearcats greatly missed the services of Captain Bob Mason, who was out with an infected foot, and the Viking's second-quarter touchdown won the game, 7-0.

Muskegon Heights then beat the Bearcats, 19-0, as did Eastern the following week. Ann Arbor was host to Battle Creek next and the Bearcats put a scrap up before being conquered by a great team, 13-6.

The next two games both ended in 7 to 7 ties against Lansing Central and Bay City.



FIRST ROW: Roberts, Edwards, White, Krupiarz, Burton.
SECOND ROW: Griffen, Lusk, Jones, Wilber, Hobbs, Simmons, Tonelli.

"Here, There, and Everywhere"

FACING a tough schedule, the Battle Creek harriers could only salvage one meet of a total of six. The victory came over the State class B champions, Charlotte, 27-28. Lansing Central, Lansing Eastern, Benton Harbor, Jackson, and Kalamazoo sent the Bearcats down to defeat, one by one. In the 5-A meet Central found themselves in the cellar.

Ray Simmons was the only runner returning from last year's squad. Bob Brenner, outstanding runner, deserted this Fall sport for football. Fellows out for the Cross Country team were Rudy Tonelli, Dave Jones, Virgil Griffin, Eugene Wilbur, Albert Hobbs, Clyde Burton, Jack White, Don Lusk, and Charles Roberts. They were under the guidance of Coach Gerald Graham.

FIRST ROW: Todd, Bond, Eifler, Alling, Watson.
SECOND ROW: J. Horton, Monoweck, Maurer, Rich, Allwardt, Morse, Dodge, Crippen.
THIRD ROW: Walkerdine, Dzioba, Coss, Madson, Shafer, Crow, B. Horton, Hollister, Mr. Mowerson.

"Well-earned State Championship"

AFTER being severely drubbed by Ann Arbor in the early stages of the season, and incidentally the worst defeat the team had suffered under Coach Bob Mowerson, the Bearcat tankmen quickly recovered and went on to the 5-A championship, and the State Swimming title.

Captain George Rich won the State 150 yard medley, while Bill Bond seized the diving title.

Opening the season, the Bearcats defeated Grand Rapids Y. M. C. A., 39-27. The Alumni turned on their protege, sinking them 50-35. The Alumni squad was composed of three University of Michigan swimmers, Dobson Burton, Clair Morse, and Louis Haughey. Kalamazoo fell before the State champions, 57-27; while South Bend High School eked out a 31-35 decision. Central went on to defeat Jackson, the 1939-40 State Champs, Lansing Central, and Kalamazoo, losing only to Ann Arbor. The 5-A and State meets were next in line, Battle Creek taking both events.

David Crippen was elected captain of the 1941-42 squad, succeeding George Rich, who graduates this year. The swimmers were recognized at the Hank Greenberg assembly, Hank presenting each swimmer with an individual trophy. Bob Mowerson is slated to join Greenberg during the summer, when he will be caught in the draft, leaving his position open, and being a blow to the future hopes of next year's team.

FIRST ROW: Hagelshaw, Zuk, Wilber, Groadavent, Manager; Blackmar, Koerner, VanCamp.
SECOND ROW: Drikakis, Edgerton, Bamfield, Johnson, Shull, King.

The only peppy Pep meeting of year fails to help as Battle Creek is eliminated the first night by the Harborites, 37-21. Coach Graham looks forward to a better year with the nucleus of his team returning.

FIRST ROW: Redmond, S. Williams, Maddalena, Ketchum, Woods, Lasher, Koerner, Lutz, Hamilton.
SECOND ROW: Nicholas, Fritz, Brown, Sultenrich, Rich, Hartman, Wertz, Haddock, Tonneli.
THIRD ROW: Roberts, W. Shafer, Tabedon, Burton, Lett, Watson, Christopher, Church, Westfall, Mr. Smith.

"A Rabbit Couldn't Catch 'Em"

ALTHOUGH failing to defend their championship successfully this year, the Bearcat thinclads made a good showing. Matt Woods, Eugene Ketchum, Walt Redmond, and George Rich were the only returning lettermen. Matt competed in the shot put, 100 yard dash, and 220. "Si" Ketchum was ill when the season opened, but he entered in the last meets. "Si's" illness prevented him from becoming one of the best dash-men that Central ever produced, and he would have undoubtedly rated high in the 5-A and State meets. Walter Redmond ran his best time at the 5-A meet (.53), breaking the present school record, but he placed third, so the time does not stand. Walter runs the 440. George Rich failed to defend his State championship high jump title, losing by a narrow margin.

Bill Lasher showed up surprisingly in the 880 dash, taking a second at the Michigan A. A. U. carnival at Ann Arbor. Bill improved during the season and clocked off exceptionally good time. Rudy Tonelli showed up favorably in the mile, and being only a sophomore he should really come fast in future contests. Jack Seltenrich, Bud Brown, Lloyd Hartman, and Bob Wertz provide the sophomore material that will form next year's squad, which should take another 5-A crown.

FIRST ROW: Anderson, Gibbs, Forsythe.
SECOND ROW: King, Hamilton, Mr. Gettings, Trump.

"Chasing the Pill Around!"

COACHED by Mr. Clifford Gettings, the golf team got through the season with a .500 average, Phil Forsythe being the only letterman returning. Kalamazoo beat the Bearcats twice, while losses were also administered by Ann Arbor and Lansing Eastern. Coldwater, Hastings, Jackson, and Lansing Central fell victims to the Central linkmen. The Bearcats were eliminated in the regional meet held at the Marywood Country Club.

Bob Gibbs, who was unable to break 90 last season, is rated as the most improved golfer on the team. He started this season shooting in the low 80's, and although he slumped toward the Regionals, he very much was an asset to the team. Dick King, Phil Forsythe, and Bob Hamilton all showed great consistency and were also assets to the team.

Bob Hamilton will be the only member of this year's squad who will go into action in 1942. Bob Gibbs, Dick King, and Phil Forsythe will have graduated when the next season rolls around.

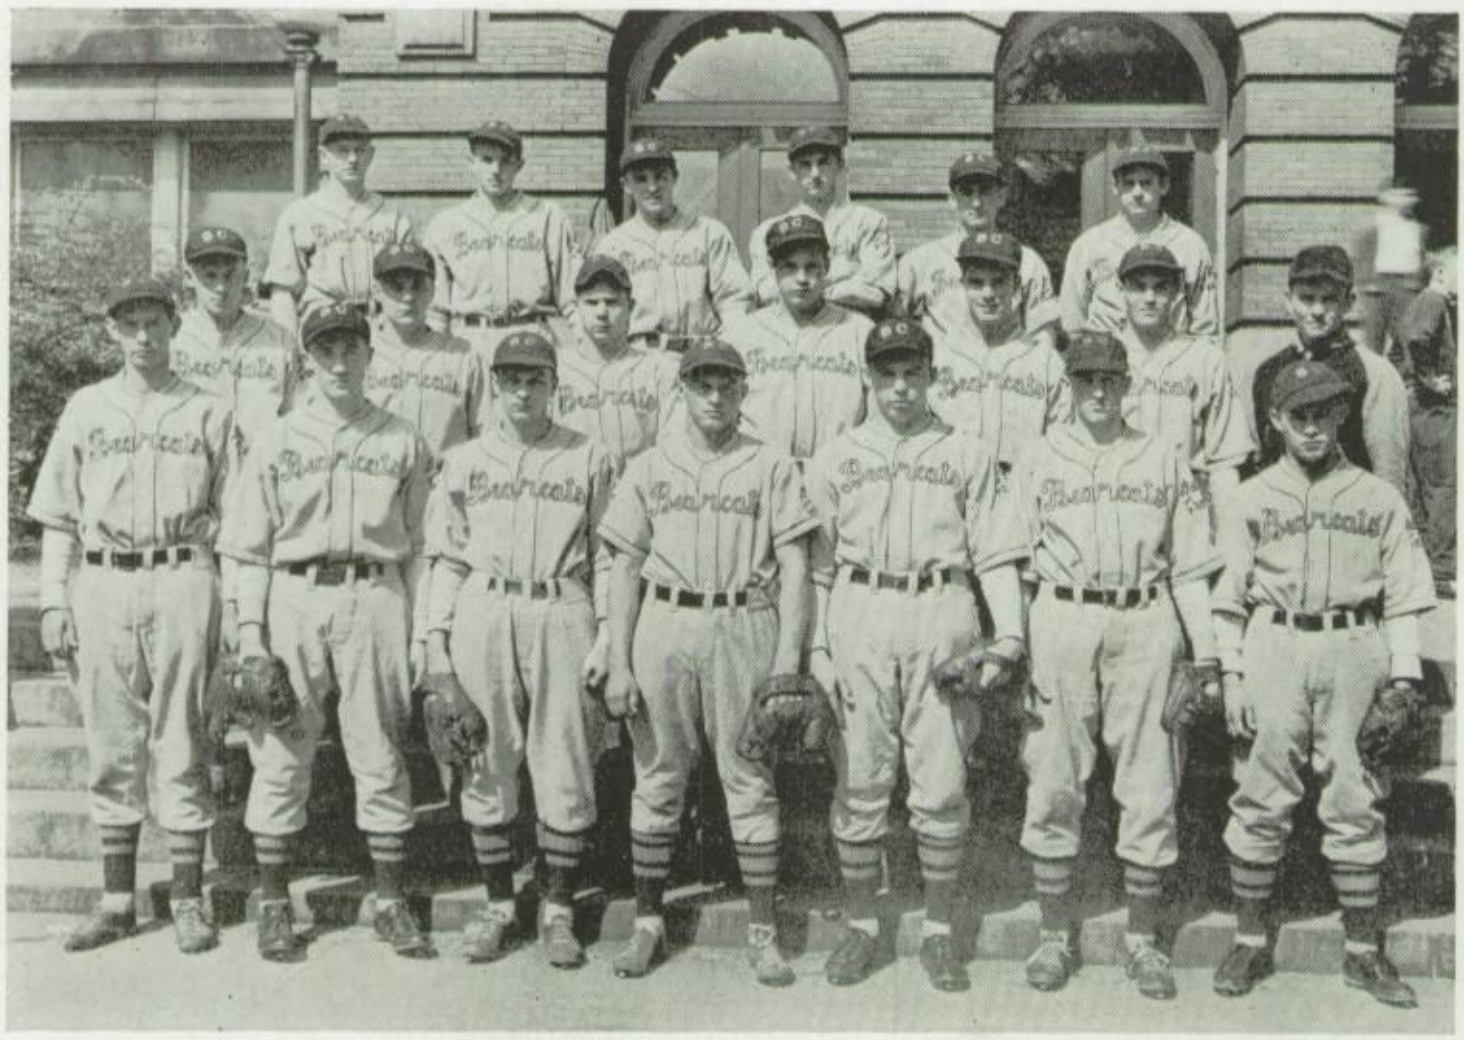
FIRST ROW: Edwards, Newman, Roche, Tungate, Shull, Macey.
SECOND ROW: LaJeunesse, Wiles, Vastbinder, Blackmar, Dodge, Hammond, Gilman.

"5-A Champs!"

THIS year Kalamazoo fell twice before the swinging racquets of the Bearcat netters, both meets ending in identical scores, 4-3. Not stopping with the Maroons, Central's tennis team went on to capture the 5-A title and complete an undefeated season. The squad won eight consecutive dual meets, losing out in the regionals at Kalamazoo in competition with Kalamazoo Central, Kalamazoo State High, and Benton Harbor, where they had to be satisfied with fourth place.

Bill Hammond led this year's team, playing in the No. 1 position, Bill is a senior and will graduate in June. John Bailey worked his way up to the No. 2 spot, showing his opponents some stellar playing. John will be back next year. Bill Edwards, a senior, ended the season playing No. 3, while Buster Roach and Dick Wiles, both juniors, played No. 4 and 5, respectively. Charles Shull and Delbert Vastbinder formed the No. 1 doubles team. Both boys are sophomores and will probably see plenty of action in years to come. The No. 2 spot was filled by Max Tungate and Jack Newman, who alternated in the last matches with Bill Blackmar and Victor Gillman. Vic is the only one of the No. 2 doubles team who will not graduate; he is a sophomore.

The tennis squad was coached by Mr. Omer LaJeunesse. The team has been under his guidance for two years. The first year they tied with Jackson for the 5-A title, and this year captured it undefeated and unchallenged.



FIRST ROW: Jones, Cummings, Lutz, Brenner, Westcott, VanCamp, Martin.
SECOND ROW: Mead, Graham, Olney, Bamfield, Titus, Garrett, Chadderdon.
THIRD ROW: Coss, Clark, Newton, Wells, O'Connell, Smolka.

"From One Bag to Another"

RETURNING for service on this year's baseball squad are veterans Sam Lutz, Captain Bob Brenner, John Bamfield, Dick Westcott, and Tom Cummings. Sam holds down first base, Bob Brenner is the third-sacker, John Bamfield, Dick Westcott, and Tom Cummings form the bulk of the pitching staff, although Eugene Wells has been effective in his relief hurling.

The remainder of the squad is as follows: Cliff Olney and Al Clark behind the plate, "Rusty" Van Camp at short stop, Bob O'Connell standing by second base. Frank Garrett, Lloyd Titus, and Louis Newton compose the outfield, all three of these boys being sophomores.

Coach "Gerry" Graham guides the 1941 squad. He has a well-balanced team that is capable of "holding their own" against the stiff competition they have to face.

To date the Bearcats have won four games, and dropped four contests. The highlight of the season was, however, two wins over Kalamazoo by a 4-3 and a 5-4 count.

Remaining games:

Wednesday, May 28	Jackson	Battle Creek
Saturday, May 31	Ann Arbor	Battle Creek
Wednesday, June 4	Lansing Eastern	Battle Creek
Saturday, June 7	Grand Rapids Union	Battle Creek

"Sports to Suit Every Girl"

THE Girls' Athletic Association was organized to provide clubs for all girls interested in sports. While teams are organized for competition, the main emphasis is on sportsmanship and the benefits derived from the sport.

A system is used by which girls can earn their B. C.'s. Sports are divided into Majors and Minors. Anyone who attends two thirds of the meetings of a major sport receives 100 points per semester; 50 points for a minor. Three hundred points are necessary to receive a numeral, 600 a B. C., and 900 for a B. C. and chevron. Letters and numerals are awarded to the girls at a picnic. All the members of the fairer sex of our faculty are invited.

Vice-President . . . Lorraine Priest
Secretary-Treasurer . Vera Kellogg
Adviser . . . . . Miss Morse

G. A. A. ORGANIZATIONS

Bowling

IT'S a strike, no it's a split. Many of the members of the Girls' Bowling Club experienced just such a let-down. Basketball and bowling were combined this year when the girls tried "dribbling" the ball down the alleys. They soon gave it up because it caused too much damage. Some very high and some very low scores were bowled. One hundred and seventy-eight took high and eight pins took low. The match against Marshall was lots of fun, even though somewhat humiliating. Eleanor Chilson "twirled" the ball as president and tried to keep the sixty-five members out of the "gutters."

FIRST ROW: Engle, Abbott, Jones, Arnett, Jones, Williams, Ward, Chilson, Brimmer, Hemslar, Traut, Morse, Bentley, Kinney.
SECOND ROW: Pritchard, Jackson, Wright, Knapp, Tracey, Hirakis, Priest, Stowe, Ballard, Eddinger, Ellis, VanBlarcum, Dale, Roberts, Doody, Humpner, Miller, Miss Seedorff.
THIRD ROW: Kirk, Ziebarth, V. Livingston, Sharpsteen, Poddledick, Sharpsteen, Tobias, Maurer, Bradley, Hoover, Young, Husted, Walters, Kinney, Reed, Grant, Stoinoff, Halloran, D. Livingston.
FOURTH ROW: Chadderdon, H. Green, McGhee, Livengood, Guchess, McCain, Lown, Wilkening, Yhope, Baker, Rule, Huffman, Smith, Reed, Pierce, Taylor, Durock, Southward, Terry, Wright, Banden, Moore, Smith, Hodges.
FIFTH ROW: Moser, Shell, Patterson, Plummer, Ham, D. Moore, Stevens, Knowles, Eagles, Evans, Anderson, Zemke, Schwass, Losey, Karlovsky, Lowery, Kelley, Lee.

Basketball

WHILE the boys fought for their games, the girls also were playing basketball, even though it was on a smaller and less publicized scale. The Battle Creek girls invited the Marshall girls over to a play day, and they also participated in a "Three" school play day given by Lakeview. Floor burns, bruised shins, and other minor damages were taken home as trophies from both play days. Maxine "One-hand-shot" Moore captained the team, and pulled them through to a very successful season of only one loss.

P. S.: They only played two games.

FIRST ROW: Spaulding, Livingston, Priest, Young, M. Moore, Halloran, Taft, Miller.
SECOND ROW: H. Green, Ballard, Knapp, Wood, Morse, Hodges, Guchess, Stowe.
THIRD ROW: Price, Patterson, Baruth, Eagles, Karlovsky, D. Moore, M. Green.

Tennis

THE fall semester was spent in hitting the little white ball on the table, but with the coming of spring the girls tried swatting a larger ball on a tennis court. The Table Tennis Club boasted of thirty members, while the Tennis Club had an enrollment of twenty-five.

Tournaments between two teams proved to be very exciting for the table tennis players, as each tournament was decided by the last match.

Wall practice and then actual playing on the courts turned out some very hopeful Alice Marbles for the tennis team.

June Moser, a sophomore, was the Tennis Club president, while Harriett Halloran, a senior, led the Table Tennis Club.

FIRST ROW: Jones, Crowell, Livengood, A. Kinney, Kinney, Halloran, Linge, Ziebarth, Henslar, Nye.
SECOND ROW: Lampert, Zurbrugg, Green, Knapp, Hirakis, Young, Stowe, Ballard, D. Livingston, Losey.
THIRD ROW: Moser, Henning, Renouf, A. Moore, Ashley, Zemke, Morse, Baruth, V. Livingston, Woods, McLean, Hunsinger.
FOURTH ROW: Zurbrugg, Conliss, Moore, Hodges, Haver, Traut, Baker, Kellogg, Priest, D. Moore, Boyd, Guchess.

G. A. A. ORGANIZATIONS

"Swimming in our old swimming hole.
Breast stroke, side stroke, fancy diving too."

THIS was the theme of the Girls' Swimming Club, and many girls became very efficient at the various strokes. Fancy diving was the most popular pastime, even though a few "belly-smackers" resulted. The girls tried life-saving, but gave up on the strangle hold. The stroke that proved to be most easily mastered was the "dog-paddle."

With Martha Kirkpatrick as president, the girls will probably become Eleanor Holms; that is, in their own lines. This club should be one of the biggest and best of all the G. A. A. clubs next fall.

FIRST ROW: Main, Braund, Kirkpatrick, Crowell, Hensler, Knode.
SECOND ROW: Gibbs, Marshall, Owen, Becker, Johnson, Steele, Kelley.
THIRD ROW: Kirk, Arnett, Ward, Goodrich, E. Goodrich, Wade, Sumner.
FOURTH ROW: Karlovsky, Kreig, Zempke, Seedorff, Phillips, Kendrick.

BRAVE Robin Hood of old had nothing on the fair maidens of the Girls' Archery Club, for they did everything but split an arrow. The girls got their share of the bull's eyes and from the looks of the wall behind the target, missed it all together on some occasions. Meetings were held on Monday nights, and the girls practiced faithfully until each had obtained that Robin Hood pose. Jean Eagles, who also archs in State competition, was president of the club. If archery continues to grow in popularity, this should become a much larger club next year.

FIRST ROW: Ziebarth, Livengood, Stowe, Ballard, Kinney.
SECOND ROW: Kinney, Zemke, Eagles, Morse, Baruth, Livingston, Chadderdon.

PERHAPS it was Hank Greenberg's influence in Battle Creek, but something certainly set the Girls' Baseball Club off to a good start. Fielding, batting, pitching, and catching all played an equal part in bringing the team into shape. For practice two teams were chosen, and they played each other. The teams were evenly matched, so it was very exciting. Parts of more than one girl's gym suit was found on second base after certain girls attempted to steal. Althea Patterson was club president and also carried off best player honors.

FIRST ROW: Baker, M. Green, Patterson, Baruth, Burrell.
SECOND ROW: Young, Gutchess, Miller, H. Green, Knapp, Woods.
THIRD ROW: Halloran, M. Moore, Stowe, Ballard, Sidman.
FOURTH ROW: Kellogg, D. Moore, Hodges, Priest, V. Livingston, Morse.

"Intra-School Competition"

CENTRAL High School provided a well-rounded intramural sports schedule for students this year. Ping-pong, shuffleboard, and touch-football were the attractions provided in the fall. There were no tournaments in shuffleboard or ping-pong, while the touch-football games were "pick-up" affairs, being played during the noon hour. Mr. Gettings had charge of the shuffleboard and ping-pong games.

During the winter months intramural basketball took over. During the second semester twenty-eight teams, with eight members on a team, were divided up into four leagues: A-noon league with eight teams; B-noon league with six teams; A-night league with seven teams; B-night league with seven teams. The night leagues were in action on Mondays and Wednesdays. Let by Captain Walter Redmond, the Convicts captured the A-night title, and Bob Rhinard's Kisments won the B-night crown. The Scrubs were victors in A-noon competition, headed by Joe Hamilton, and the Eight Aces took top honors in the B-noon circuit, their captain being John Brewster. All leagues were supervised by Mr. Graham.

In the Spring a nine-team softball loop was formed, all games played during the noon hour. There are sometimes two games played each noon, all squads playing an eight-game schedule, with approximately fifteen players representing each outfit. This phase of intramural sports is also supervised by Coach "Gerry" Graham.

Sophomores who may not be interested in athletics may find a field that they are interested in while playing intramural sports, and develop into varsity material. The intramural program also introduces the spirit of fair play as well as acquainting the students with the various sports. The extensive intramural sports schedule provided by Central High School gives the boys who are not varsity material a chance to play in the sports they like and with even competition.
